

Exercise 1: What are the
benefits provided by forests
in Khovsgol Aimag?

Three groups:

1. Forest goods (e.g. food, timber, fiber.....)
2. Forest services (e.g. habitat, water, soil.....)
3. Cultural benefits (e.g. recreation, tourism, spiritual.....)

Exercise 2: Which of these
benefits should be
prioritised for further
analysis?

Voting with stickers:

- Take 3 stickers
- Use the stickers to vote for the 3 top benefits you think should be priorities for further analysis
- Check the voting results. What are the top 4-5 benefits for further analysis?

Exercise 3: Participatory mapping

Step 1

- Split into 4-5 small groups. Each groups takes one of the priority benefits

Step 2

- Each group takes a map of the aimag and marks the areas they think are important for providing this benefit

Step 3

- Each group reports back to everyone about the areas they selected
